Commodore's Corner

August 2007

Another month has gone by and what a great month July has been at the BYC. With so many great things going it's really hard to pick one. I usually start out with information on the new club house but this month I think that I will start out a little different.

Sailing! – We have had fantastic showings by our Capdevielle Racing Team during the month of July. Great finishes at the Meigs and Summer Regattas and our juniors had an outstanding weekend at the Jr. Lipton's (remember guys if you're not over early every now and then you're not racing). All of you keep up the great work. And as I am writing this the Capdevielle Team is getting ready for the Weatherly Regatta in Gulfport. Good Luck to all. There is more good news from the Summer Sail Program. Sailing Master Steve Wagner and his staff have been busy all summer teaching our youth about sailing. The four camps this summer had over 60 campers learning everything from basic knots and sailing techniques to racing tactics and sail trim. Wednesday Night racing at the BYC has been steadily growing, we had a few bouts with some bad weather but the stormy conditions didn't dampen the spirits of the sailors. Once again special thanks to Jeffery Ellis for taking this task on and keeping things growing.

New Club House – After the great news that the Planning & Zoning Commission unanimously approved conditional use permit for a yacht club on the new property in May, things ground to a turtles pace in June and the 1st part of July. After some confusion on the types of surveys that were required to get our cause to the City Council and as a result several missed Council meetings we have finally gotten our approval for the conditional use permit. Now the clock starts clicking for the closing on the new property and getting on with the construction.

Marina – The Pavilion is getting closer and closer to completion and is expected to be ready for Otto Larson's annual Leo Party. More thanks to Tim Kirkman and his Marina Committee, this project has taken lots of time and effort by Tim and his Committee and we are soon to have a great facility for fall parties and get-to-gathers. I know it felt like it was never going to come but with all of the hard work from Tim and his crew we are seeing the light at the end of the tunnel and it's not a train. We have also been in contact with the Tivoli Developers about the option in the contract to construct a new marina in front of the new club location. Those talks are progressing and I am sure that they will get more involved after the closing on the property exchange.

House & Entertainment – Great work by all for the 4th of July. The fire works were spectacular as usual. The Boom-Boom Committee does a great job. Everyone has been enjoying the new pool, more thanks to Ronnie Tootle and his pool committee for bringing all of this together. The House Committee and Chef Matt have rolled out a new menu for the club kitchen.

Did you know that you can pay your club account by
Visa, MasterCard, American Express - See the office for details!

Commodore Letter Continued...

There is also new pricing for our favorite cocktails at the bar. All prices now include sales tax so there is no more chasing around for pennies if you are paying cash. I also ask our members to please use our charge system or have small bills to pay with. We keep a very small amount of cash at the club and so not have the ability to make change for large bills.

I have asked Carol Ann Wilkerson to look into the possibility of a special cruise for BYC members. Don't have any details yet but if you have any ideas please pass them along to Carol Ann. For those of us that love to golf I have been planning a golf trip to a Jack Nickolas course in Tennessee. Anyone that is interested let me know and we'll get a date together for the trip.

As we continue through the year don't forget that the General Membership Meeting is coming up on the 16th of September. The Nominating Committee will be speaking with several of you about serving your club over the next few years and I encourage all of you to participate. I can tell you that working on the Board is really a rewarding experience and one that you should not miss.

As we have been doing all year the Board & Flag Officers will continue to push forward with new items and getting projects completed. We have had a great first seven months of the year with lots of activities and there are more things to come. I again invite everyone to come to the best double wide on the coast and be a part of the exciting things at the Biloxi Yacht Club.
